Product highlights

Automatic file compression
Save free space by automatic compression of all the files you put on the USB flash drive

Fast data transfer
High-speed data transfer rates significantly cut annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.

File synchronization
With file synchronization of all the files on your PC, it is possible to access and work with your documents anywhere with just a few mouse clicks.

Lost & Found information
This unique feature enables you to enter your contact details like address, telephone number and e-mail address on the USB flash drive so that if you lose it, whoever finds it can send it back to you.

Password protection
Due to password protection including 256-bit AES encryption, your valuable personal data can be protected from unauthorized access by simply using a password.

Easy to use software included
A complete software suite is included, which will run automatically from the USB flash drive and gives you access to useful features like, Password protection, File synchronization, Data compression, USB lost & found, and USB information. Additionally, it comes with a 30-day trial for Portable Microsoft Outlook Express, Favorites synchronization and No-trace internet browsing.

Activity indicator
An appealing glow shows you the drive is properly connected and working, and pulsates faster when copying files to or from its memory.

16GB storage capacity
A useful 16GB gives you the capacity to swap and share much larger or more files via the USB port of your PC or laptop.
